### Community Supper put on Hold

After much soul searching, the churches in Debert have decided to postpone the annual community supper which is usually held in late July.

The United and Baptist churches have partnered in presenting this popular, annual event since the celebration of Debert Days.

Earlier this year, the United Church advised that they could no longer participate due to the scope of the undertaking and numerous other church projects.

The supper has been put on hold for this year but with more planning it could return.

"We are simply postponing the event for this year," says Pastor Bill Martin. "We hope to use this year to properly plan and establish partnerships to make the supper an even bigger event next summer."
