CEO - (Osteopathic Studies) Inc. Halifax and Vancouver Programs

Manual Practice Osteopathic studies for health professionals.

"Osteopathy is a natural medicine which restores function to the organism by treating the causes of pain and imbalance..."

Philippe Druelle, D.O.

Manual Practice Osteopathic education emphasizes the transmission of the art of osteopathic palpation from the experienced Osteopath to the student. This ability, to evaluate and treat the human body at a highly sophisticated manual level, is what distinguishes Manual Practice Osteopathy from all other forms of medicine and therapy. The C.E.O., the first school of Manual Practice Osteopathy in Canada, has over the past twenty years offered a quality program in Osteopathy.
