Spring Is Right Around The Corner!

Information supplied by Catherine McNutt

If you can get behind Shubenacadie Sam's prediction of an early spring, you'd be wise to start considering your landscaping and home renovation plans sooner than later! Spring is the time to start booking services so outside work can begin once the ground thaws (and work indoors can begin even sooner!)

Thankfully, the Colchester County Home Show is here to help - with inspiration, information, advice, services... and all the products that make a house a home!

One of the best things about coming to a home show is that it saves you time.

AVOID...

- Driving from store to store to stay on top of all the product and pricing options
- Going cross-eyed from too much time doing research on your computer
- Spending hours binge-watching home improvement shows for ideas

INSTEAD...

- Meet with many different types of companies in one convenient location
- Save money with great deals and exclusive show-only specials
- Find unique, custom, and cutting-edge products to help create your dream home
