

*You compliment us all the time,  
saying how luscious and ripe we are.  
Are you going to allow some pest to steal us away?  
Prove that we're your blueberries.  
Show us some love.*

**Sucking pests like aphids, maggots and gall midge shouldn't come between you and your blueberries.**

Show your blueberries the love they deserve with the unique two-way systemic activity of Movento®. A Group 23 insecticide, Movento provides exceptional long-lasting residual activity, even protecting new plant growth for a wide variety of crops – onions, lettuce, apples and many more. **Your crop demands the best.** Learn more at [BayerCropScience.ca/Movento](http://BayerCropScience.ca/Movento)
