

# 273 Homes in 24 Internet Projects

**By Maurice Rees**

The Internet for Nova Scotia Initiative has announced High-speed internet will reach another 273 Nova Scotia homes and businesses through a scope expansion project with Eastlink. The locations are located in small pockets across the province in 24 project areas. These are all wired-to-the-home/business solutions (coax or fibre - depending on what infrastructure exists currently near each location) and work is already under

way in all areas.

These access to connections are expected to be complete before the target completion of the end of 2023. The provider is currently looking at technical and make-ready requirements and will be able to provide finer detail on schedule once those factors are known. These timelines will be updated on the project pages as soon as that detail is provided.

The pockets of homes and businesses are located in the following communi-

ties across the province: North Chegoggan, Middlewood, Greenville, Hacketts Cover, North Kingston, Lakelands, South Greenwood, North Beaver Bank, Berwick West, Naugle, Coldbrook, Chezzetcook, Benjamin Bridge, Dutch Settlement, Sweets Corner, Lower East Chezzetcook, Riverhead, Lesterdale, Whynott's Settlement, Borgies Point, Louisdale, The Lodge, Woodbine and George's River.

The Nova Scotia Internet Funding Trust has approved \$1.6 million for these projects. Another \$393,000 is being invested

by Eastlink. With the additional high-speed internet coverage provided by Nova Scotia Internet Funding Trust projects announced to date, the municipal-led project in Pictou and Bell's Wireless Home Internet Service, it is expected that 99.5 per cent of Nova Scotia's homes and businesses will have high-speed access by the end of 2023.

Develop Nova Scotia is working with internet service providers to identify solutions for the remaining 3,700 underserved homes and businesses across the province, of which about

1,000 do not have commercial power. The goal is to achieve high-speed internet access for as close to 100 per cent of the remaining homes and businesses as possible. With the Trust funds remaining together with leveraged dollars, we remain very confident we will be able to support the goal of reaching very, very close to 100% of homes and businesses in Nova Scotia.

## Chiganois Elementary Rap Battle

The Grade 4 and 5 students at Chiganois Elementary recently took part in the 3rd Annual Rap Battle. As part of the writing program, students are given the opportunity to write rap lyrics and then with the support of Jonathan Torrens, students were able to perform their raps. The winning students will get to make a professional recording their rap. (Photos Contributed)
