Original Poems from students of Chiganois Elementary School

Remember!

We wear a poppy on the eleventh of November but why do we wear one? Why do we remember?

Is it because of the young men that had to leave their homes to fight for their country's freedom?

Or for having to leave their families tears and cries in the awful war?

Maybe we remember a poppy because some men never will come home and some are thankful they might.

The one thing we really should remember when we wear a poppy is that even though some people die in the war their family and friends will never forget the courage, the fight, the letters they wrote them at night.

They will always remember and never forget the love they gave or the time when they left.

The Remembrance Flower

One day came a woman from the west
She always thought that she was the best.
She came across a man in the lobby,
He was wearing a bright red poppy.
"What is that thing?" the lady said.
"It's a poppy to remind us of the men who are dead."

"I want one upon my chest!
The biggest, the brightest I want the best!"
"A poppy isn't for fashion or beauty,
It's to remind us of war, the men that were
on duty.

Now don't be rough not even a tear! So here is a poppy, now treat it with care." By Ben Donkin

Remembrance in Five Islands

Pictured above is Angela Reid, whose son, Christopher, was killed in action in Afghanistan in August 2006. Christopher served with the Princess Patricia's Canadian Light Infantry based in Edmonton. Angela also drew the outline for the banner that was signed by and sent from residents of Five Islands to Afghanistan last Remembrance Day. Angela was asked to thank everyone for their support of veterans, fallen soldiers and those troops currently serving in Afghanistan. (Submitted)
