

# BETTER DEAL FOR NOVA SCOTIANS

Nova Scotia is a great place to live but things aren't going in the right direction. Tim Houston made big promises, but after three years and billions spent, are you better off?

Our **Back to Basics Plan** is focused on getting the important things right:

**Access to primary healthcare**

**An affordable roof over your head**

**Sustainable economic growth**

On November 26th, don't vote for a career politician; vote for a passionate defender, advocate and voice for Colchester North.
