It was a full house, despite the nasty weather, and once more chairs were added everyone had a seat at the dinner table.

Special thank you to the kitchen crew who prepared the delicious turkey dinner.

Thank you to Masstown Market for providing the tasty dessert.

## THANK YOU FROM NS POWER

We want to sincerely thank our customers for your patience during the two severe wind storms that hit the province over the holidays and early in the New Year.

Losing power is difficult, especially during the holiday season and in very cold temperatures. Thank you for the kind words of support that you provided to our staff and crews for the work they did.

Employees across our company stepped up when our customers needed it most. From the Customer Care Associates, logistics team and communications team, to the volunteers who greeted customers at our comfort centres, to the powerline technicians who braved the cold and the crew leads, safety specialists, contractor management team, damage assessors, runners, 911 triagers, control centre operators, resource management centre, and emergency operations team who ensured the storm response was well planned and executed.

We'd like to also extend a special thank you to the crews who assisted with the restoration efforts.
