

# Craft Sales Successful

As Lawrence R Nicoll's six photos show successful Craft Shows were held at the Parrsboro Legion on November 27 and at Fundy Geological Museum on December 4th. Both were well attended amid social distancing, all were checked on entry for their vaccination record but that didn't stop the many bags of goodies that left with customers

Lawrence even had a table at the Parrsboro Legion which he was able to get a photo of his display of magnificent photography.

Even Santa showed up at the Museum with his helper handing out cheer (and a few sweets!!)

# Do You Have Noise Problems?

By Maurice Rees

Elsewhere in this issue you will find detailed coverage of over two years of varying noise problems, James Warren, Prospect Road, Parrsboro has experienced and is trying to get solved.

There are two letters to editor on Page 4, plus a story on pages of the South Cumberland News.

The problem does not appear to be confined to his property, because Warren's life long friend, David A Read, a retired electrician has recounted some of his problems.

Read says because he is hard of

hearing, the noise is not as bothersome.

This reporter has contacted Nova Scotia Power and will stay on this story as long as new information is forthcoming. We invite any who has or is experiencing similar noise problems from the power lines to contact us and we will continue to report.
