

# Truro To Get Outdoor Ice Surface

By Maurice Rees

Not wanting to be left behind other larger municipalities, the Town of Truro is installing an outdoor skating surface at the new Truro Civic Square. Installation of the Caldwell-Roach/Kings Mutual Insurance Ice Surface a new outdoor ice skating surface is to take place early in the New Year. Plans are in the works to have the ice plant and portable roll-out ice surface installed and operational in January and Town Officials hope to have an opening celebration on February 4, 2017 in conjunction with Truro's annual Winter Long John Festival.

The Town had expected the ice surface to be installed and open for skating in time for the holidays, but the open-

ing has been postponed to ensure the best possible result. "This new ice surface will be an exciting addition to our Civic Square and it is expected to be a major winter-time attraction in our Downtown," says Mayor Bill Mills. "It is important that we don't rush this and that we do things right. We want to ensure that we have a high quality skating surface that has all the proper supports in place so that people have an amazing experience and enjoy themselves."

Mayor Mills believes that an opening in the New Year will benefit the community as "it will give us something to look forward to in the New Year, excitement in the middle of winter."

## Summer Jobs Program Deadline January 20

If you are an employer expecting to hire a summer student, you have until January 20, 2017 to submit an application for funding under the Canada Summer Jobs program. Canada Summer Jobs (CSJ) is a key component of the Youth Employment Strategy. CSJ helps employers create summer job opportunities for students in our communities. It is designed to focus on local priorities, while achieving tangible results for both students and our communities.

Last summer the program funded 196 employers in Cumberland-Colchester from a budget of \$570,209 and created many valuable summer job opportunities for you youth. A few of those success stories can be viewed on local MP Bill Casey's website at billcasey.ca

The program provides funding for not-for-profit organizations, public-sector

employers and small businesses with 50 or fewer employees to create summer job opportunities for students aged 15 to 30 who are full-time students intending to return to their studies in the next school year.

Application packages are available on-line from Service Canada at [www.servicecanada.gc.ca](http://www.servicecanada.gc.ca) or from the Service Canada location in your community. The deadline for employers to submit applications is January 20, 2017.

"Deadlines are earlier this year to ensure employers are notified early enough to do post-secondary recruitment for the summer job. Employers should find out in April if they are getting funding for a summer student," said Casey. He added that anyone who needs help navigating the application process or has questions can call Service Canada at 1-800-935-5555 for assistance.

## OBITUARIES
