## WCCS BOSTON TRIP

39 students from grade 7-9 returned this month from an awesome trip to Boston. During the trip, the students were kept busy moving from one attraction to another with barely a minute to catch their breath.

### HIGHLIGHTS OF THE TRIP INCLUDED:

- A cruise of the Boston Harbour
- Cosmic Bowling / Red Sox game
- Ate at the 'Hard Rock Café' and 'Fire and Ice'
- Visited Plymouth Plantation, boarded the Mayflower ( replica)
- Explored the Museum of Science and the New England Aquarium
- Observed Boston from the 50th floor of the Prudential Building
- A walking tour of Boston, students heard stories about the people, saw the places and the events of the American Revolution including the Old North Church, the Boston Common, State House, Old South Meeting House
- Enjoyed the play "Shear Madness"
- Visited the museum of Afro-American History
- Walked through the Harvard Campus

This was a wonderful experience for all of the students and the chaperones. The students were well behaved and many positive comments were made about the group from various individuals all the way from the bus driver, tour guide, Customs Officers, Attraction workers, etc. to people we met on the street who commented on their respect, courtesy and enthusiasm.

This trip would not have happened without the support of the community, so a hearty "thank-you" to everyone who helped see it through.
