## Parking Lot for Truckers

The very active Debert Business Park Committee has recognized the park does not have a parking lot to service long haul truckers. Following extensive discussion, over several months, they approved a request to Colchester Council: "That Council direct staff to explore DBP sig-

nage improvement options and to investigate the possibility of a temporary gravel parking area in the entry of DBP, to accommodate needs of long-haul truckers." Council approved the request and will develop a plan to move forward.
