The Shoreline Journal has been such huge supporters of the Thirsty Church, and we wanted to be sure to keep you and readers up-do-date with recent happenings:

On May 8 we had a Rock-a-thon fundraiser at the Truro Mall and we had a draw for a Mother's Day Basket. It was a HUGE success and we are planning to make it an annual event every Mother's Day weekend.

One of the highlights of the day was an old friend from Londonderry Station, Gerald Ellis, who was also a tremendous supporter of the Thirsty Church in the Aviva Community Fund drove from Dartmouth with his wife, Elaine to the Truro Mall to reunite with those that were partaking in the fundraiser.

It was very moving and is testament to the momentum that was created via the contest and is still with us as we move forward. We rocked from 10AM to 4PM and sincerely appreciate all the folks who supported us with pledges and ticket sales.

Our vision at the Church is to be a service to the community and surrounding area. We are very excited to announce several happenings that are moving us forward in achieving our vision. You will soon see a Community Bulletin Board on the front lawn of The Thirsty Church to announce community happenings for all of Londonderry.

The Thirsty Church is now a VROD Internet Tower to service Londonderry Station, and perhaps further areas, with wireless internet. Anyone wishing to look into receiving this service may call VROD Internet at 843-3330.

Beginning on June 6, there will be regular Sunday Church Services in the sanctuary at 10:30AM with the leadership of Rev. Natalie Buchanan-Rutherford, and we are moving forward with installing a wheelchair ramp to ensure accessibility into the Church.

On June 26 we invite everyone to a bake sale of homemade goodies at The Thirsty Church in Londonderry Station from 10AM-1PM. Come stock up on homemade goodness in support of a great cause.

We are excited about all that is happening and hope you will be too. Thank you for your continued support. We will continue to keep everyone updated by contributing regularly to upcoming issues of the Shoreline Journal.
