#15 - Ship's Company Theatre

18 Lower Main St., P.O. Box 275, Parrsboro, Nova Scotia, Canada B0M 1S0, Box Office: 1-902-254-3000, Toll free: 1-800-565-SHOW
Email: boxoffice@shipscompany.com

The physical and spiritual centre of the company is the M.V. Kipawo. In the beginning she served as our stage, and now joins metaphorically what she once did physically: people, places and ideas. In 1985 'the Kip' was moved from the beach of the lower harbour to a berth prepared at extreme high tide at the upper end of the harbour. She was trimmed and secured from the daily rise and fall of the Bay of Fundy. A wharf was built around her and previously a tent was erected each summer over her foredeck to house the theatre. The 2004 season was the first in our new theatre built around the M.V. Kipawo, which serves as our lobby and reception area.

The Fundy Geological Museum displays an ancient world and some of the oldest **dinosaur bones** in Canada. Meet some of the ancient creatures that lived here millions of years ago: the world's first reptiles, early dinosaurs, giant dragonflies, an ancestor of frogs and a sow-bug-like creature as long as a baseball bat. So many great fossils!

Explore mineral treasures of Nova Scotia exposed when the great Fundy tides washed away the sea cliffs. See a collection of beautiful amethyst and agate **gem stones**.
