This year the Municipality of the County of Colchester held a ceremony to recognize volunteer firefighters who have 50 or more years of service. The ceremony was held on Tuesday, April 25 at the Truro Holiday Inn. The Municipality values the dedication of all their volunteer emergency responders but to serve and protect a community and it's residents for half a century is an exceptional measure of community service. The individuals who have served five or more decades or have literally built the organizations that they have contributed to and served in over their tenure. They are and have been the leaders that created the volunteer fire and emergency services in the County of Colchester.

The following volunteer firefighters were recognized by Municipality of County of Colchester during Volunteer week. The 31 members have a combined service of 1,678 years of service to their community.
