

Woodlands Conference – A Successful Day

verging views with Bancroft and Bishop each working hard to make their point.

“How to Manage our Forests to Store Carbon” was an interesting concept presented by Dale Prest, MSc Ecosystem Service Specialist, with Community Forests International (CFI), Sackville, NB. In his presentation, Prest outlined the concept and how was able to sell carbon credits from their 700 acre woodlot outside Sussex, NB., by utilizing forest management practices that store more carbon than traditional forestry, CFI has already been able to sell
