

Masstown Community News

By *Christine Urquhart*

Spring has shown up and created green vales and clouds of color around our world! The trees are leafing out, many with blossoms to perfume the air! Lawns are being mown and the smell is incredible! Although we seem to be receiving way too much rain, it is helping with turning things green. Green is my favorite color! Spring is why! I always feel that spring and Easter both teach us about resurrection. New growth from dead wood. A risen Saviour! Yes!
