Jacob Evans Commits to Bethel University Royals

The Truro Bearcats have announced that defenseman Jacob Evans has committed to the Bethel University Royals, an NCAA Division III school, for the 2020-21 season.

After two and a half seasons in the Manitoba Junior Hockey League, Evans was acquired by the Bearcats on November 30, 2019. In 28 games in Truro, he scored twice and added ten assists (the highest points per game average of his career) in helping the team solidify its blueline.

The Truro Bearcats and Maritime Junior Hockey League congratulate Evans on his Junior A career and commitment to Bethel University.

Bethel College is a College/University hockey team based in St. Paul, Minnesota, playing in the NCAA - Minnesota Intercollegiate Athletic Conference from 1984 to 2020.

Dreams Made For You

(A Parental Prayer)

*For your tiny hands and tiny feet
For your tiny hearts and how they beat
For the world your tiny eyes may see
For all the strength you need from me.*

"Our dreams are made for you"

*For each day that we carry you
For every step we see you through
For the quiet times we talk alone
For every ounce we know you've grown*

"Our dreams are made for you"

*For every time you'll need a bath
For every time you'll pass your math
For every picture we'll ever take
For every leaf you'll ever rake.*

"Our dreams are made for you"

*For blisters and boils we have to lance
For the moment when you learn to dance
For the first time that you plant a kiss
For the parent meetings you thought we'd miss.*

"Our dreams are made for you"

*For the time when you learn to drive
For the honor role we hope you'll strive
For the special person you bring on home
For important works sent in a poem*

"Our dreams are made for you"

*For when it is time to leave the nest
For this we hope we've taught you best
For now you'll find just what we see
For it is with our blessings that we set you free.*

"Our dreams are made for you"

God Bless and Thank You, Thomas A. Marshall, (Ex-Navy)

Donate Land to Help Rural Nova Scotia

By Maurice Rees

You can help rural support community organizations across rural Nova Scotia by contributing to the future of rural communities by donating property. The Rural Communities Foundation of Nova Scotia (RCF) is now accepting land and property gifts as part of their fund development strategy, in order to raise funds.

The process is simple. Here is how it works: The property owner contacts RCF and identifies the property that they want to donate; RCF meets with the donor and they draw up an agreement and RCF facilitates the necessary legal, tax and real estate arrangements. The donor receives a tax credit based on the assessed value of the property.

On receiving the gift, RCF then sells the property, and puts the funds toward supporting local non-profit organizations that are working for the future of rural communities. The idea of land gifts came from RCF board member, Sherry MacLeod, and was affirmed by input from communities. The initiative is designed as an opportunity for Nova Scotia landowners to give back to their rural community.

The donor of a gift of land benefits by: Receiving a charitable tax receipt; Leaving a legacy in rural Nova Scotia for people

RURAL COMMUNITIES FOUNDATION of NOVA SCOTIA

with an emotional attachment to this part of the world and adding a charitable element as part of estate planning.

RCF board members are reaching out to the real estate industry and have had good feedback. Two recent land gifts have come from landowners who are not Nova Scotia residents and have a long-time attachment to Cape Breton and Guysborough Counties but no longer visit their properties. Their gifts were part of the estate management that enabled them to 'give something back' to these places they care about.

Rural Communities Foundation of Nova Scotia (RCF) has been making small grants to rural community organizations since 2000, in an accountable and transparent way. Its grant programs have supported local groups whose work is focused on youth, gender equality, environment, leadership, seniors, and rural innovation in the province, including Mi'kmaq communities.
