New Chamber of Commerce Members

The following is listing of the newest members to join Truro & Colchester Chamber of Commerce.

CoteX Technologies:

We are a fertilizer coating technology company based in Truro, Nova Scotia. Our controlled release fertilizers are fully biodegradable, cost effective and 35% more efficient than traditional CRF. Contact: Jeff McKinnon. Located in Dartmouth.

Divorce Solution Mediation Service:

Divorce Mediation is an alternative to the traditional costly, and combative litigation process. Through divorce mediation, the mediator meets with the spouses separately, and helps them work through all the marital and personal issues such as division of assets, support, and matters concerning the children. Finally, the resolution of all these issues culminates in a mediated agreement, which you have had full control over, and which will affect the years going forward. From there, the Mediator can help you file for an inexpensive joint application for divorce.

Don't try to navigate the complexities of a divorce on your own. Contact us today to schedule a free consultation. We'll help you explore your options, and provide you with the guidance and support you need to move forward. Contact: Dave Penney, Truro.
