Eastcott running along in first place with 1006 points.

Tom Manley and Bob Pash have the most winning nights with four. Marilyn and Lauchie have the most hidden scores with six. There have been sixteen 24 hands and Dawn Hatt leads the way with three. Rumour has it that Bobby was so upset about being knocked out of first place he went south and Tom went into hiding. In a friendly game of crib held at Chase the Ace, the Bear beat the tar out of Bob Freeman. At the next table, Charlie Moore and Debbie Barclay whoomphed Harold Barclay and Norm Eastcott, my God Harold it will be back to the Minor League's for you! (Thanks Earl)

For Super Bowl Sunday, the Branch had two Pools on the go and the winners were Dave Stewart (2), Debbie Cock (2), Owen Totten (1), Gerry Dykens (1), Mike Glen (1) and Dan Martell (1). Congratulations to all the winners.

Questions to be answered, is Gerry Dykens really a social butterfly?? Is Jimmy Totten really going to try and grow a ponytail??

Happy birthday wishes for February are passed along to Audrey Gallagher, Tim Martell, Charlie Borden (Jr.), Owen Slack, Glen Balsom, Eric Barnhill, George Cooke, Kaye Rushton, Gerry Dykens, Gordon Slack, Norman Eastcott, Glen MacDorman, Sam Worthington and Debbie Barclay. Happy anniversary wishes for February are passed along to Joyce and Vernon Rushton.

Please don't forget to thank a Veteran, it is because of their sacrifices we are able to enjoy our country and our freedom. Please say a prayer for our troops who are serving in foreign countries and their families.

Mental Health Struggles Not New

By Rev Valerie Kingsbury

The struggle with mental health is not a new one in our society. Many of us live with the reality of depression, anxiety, and a whole host of other diagnoses. Our daily walk takes great effort and because much of it is unseen the outside world does not always understand. While there has been progress, our illness remains very much in the shadows, supports are limited and the ones that are available are often inaccessible due to financial constraints.

Recently, a group of women coming from a variety of walks of life met to ask the question "What can we do to nurture the human spirit as we embrace our mental well being?" what resulted was a vision of providing a safe place for people to gather to share their story and support one another; and to provide opportunities for those struggling with mental ill health to find expression and support through art and music.

This vision is being birthed into reality as a group of women pool their resources. Shelley Austin is the co creator of "Lead with the Heart". A foundation

which provides financial support for mental health programming in the community. Valerie Hollingsworth is a holistic practitioner who works with energy and balance. Laurie Dobbs-White is an Addiction Education Consultant and a Student of the Institute for Shamanic Studies. Valerie Kingsbury is a Spiritual Caregiver with First United Church.

On February 22 at 7pm they

invite anyone living with mental ill-health to gather in the Hall at First United. This will be an informal gathering to explore further what might be needed. It will be an opportunity to share the journey with others and know that you do not walk alone. Then sometime in March there will be an opportunity to gather again for an evening of fun and expression through Art.

POSTURE CHECK: Do You Stand Up Straight?

By Christine Urquhart

Good posture minimizes strain on your joints and muscles, which can help prevent aches and pains. So what's good posture? When you're standing, keep your chest held high and your shoulders back and relaxed.

Try not to tilt your head forward, backward or sideways. Pull in your abdomen and buttocks. Make sure your knees are relaxed, not locked. Keep your feet parallel and your weight balanced evenly on both feet.

Funny as it sounds now but when I was a young girl - 12 or 13 years of age - my friend and I used to walk around with a book on our head to help us walk "correctly". Not sure if it worked or not but sure was hard on those books when they hit the floor!

And how many of us have heard our mothers say "sit up straight", "stop slouching"! We get bent over enough as we age, let's do our best to have good posture as long as possible.
