The Shoreline Journal

Deadline for the April issue is March 19

Ruth Thompson Reports

By Ruth Thompson

Hello folks: Here I go again. Nothing too much to report again.

Congrats go to Bill Elliot on the release of a new "CD". The winter is very slowly going away. My advice is do not put your shovels away and also leave your winter tires on until

April. We never know what the weather will be in March and beyond.

Please remember the elderly and the sick in your communities.

This will be my last report for the Shoreline Journal. I have contacted Michelin Beaton to take over for me.

Authority to Approve Tender

By Maurice Rees

Council authorized Council Committee to award the tender for the piping upgrades at Well 1C in Debert at their meeting on February 14, 2019. Council's approved capital budget for fiscal 2018/19 includes \$2.35M for the construction of the new water tower and water system controls in Debert. The water tower itself has been completed, and system control work is ongoing.

Prior to abandoning the existing gunnite water tower on MacElmon Road, piping modifications at well 1C are required. A new larger diameter pipe with the proper length

and retention time must be installed to connect well 1C into the existing 350 mm diameter (14 inch) water line which runs behind Kohltech.

Well 1C currently has a direct and independent connection to the water tower on MacElmon Road via an aged 150 mm diameter (6 inch) waterline which does not provide sufficient volume capacity for filling the new water tower. The construction of this new watermain is holding up the project, as no further work can proceed until well 1C can be connected to the new tower on Plains Road at Hudson.
