**MOORE**, Rev. Roger Kenneth — 76, Hilden, died peacefully on February 17, 2021 at home in his 76th year. Born in May of 1944, he was the only son of the late Charles and Lucilla (Gill) Moore of Trenton, NS, where he grew up feeling loved and thoroughly enjoying his childhood. Called to the Christian Ministry, Roger studied at Bethany Bible College in Sussex, NB then on to Nazarene University in Colorado Springs and lastly receiving his Master in Divinity Degree from the Atlantic School of Theology in Halifax. He was ordained to the Ministry in 1969, pastored churches in Markdale and Cambridge, ON, Saint John, NB, Moser River, Bass River — Economy and Five Islands, Margaretsville and Springhill, St. Peter's, Port Hood and Inverness, Cape Breton. Roger was always interested in Biblical Scholarship. He served on the United Church of Canada on Education and Student Committee and the Conference Interview Board for many years. He belonged to the Biblical Archaeology Society and the Society of Biblical Literature. Upon his retirement in 2010, he was appointed as Minister of Faith Formation for First United Church in Truro. In this position, he conducted a well-attended critical Bible Study Group as well as a film appreciation group for many years. Some folks in many communities will remember him best as a magician who loved to perform for children. Others will recall that he was a model maker who built beautiful dollhouses and model ships, some of which still are displayed in various museums in the Maritimes. Roger was predeceased by his wife, Moira Grace Kay in 2016. He is survived and will be missed by daughters, Tanya (Fran) and Elizabeth (Donnie) of Saint John, NB; grandchildren, Paul (Jamie), Kiersten (Nigel), Cody, Emma, Tiana, Steven, Tyler, Mya, Nicholas and Alexander and great grandchildren, Juliette, Violet, Samuel and Tyanna. In his senior years, he enjoyed a special relationship with his dear friend and travelling companion, Anne Brown. Roger followed the philosophy of John Wesley, "Do all the good you can, for as many people as you can, for as long as you can." Respecting his wishes, cremation has taken place. There will be no visitation. First United Church in Truro will acknowledge his Ministry during a regular worship service. Arrangements have been entrusted to Colchester Community Funeral Home, 512 Willow St., Truro, NS. Online condolences may be sent to the family by visiting [www.ColchesterCommunity.com](http://www.ColchesterCommunity.com)

## No Wailer to Deter Crows

By Maurice Rees

A motion by Councillor Parker and Councillor Patton to send a recommendation from committee to council at its February 25th meeting was defeated on a vote of 6/5, with Councillors Sandeson, Cooper, Johnson, Gregory, Patton and Benoit opposing. The motion would have seen council purchase a wailer to deter crows in Bible Hill.

The matter was originally brought before council by Councillor Parker who had stated an influx of thousands of crows were creating problems in Bible Hill. In speaking on the matter, councillor Parker stated the problem arose following establishing a sub-division. Originally crows had 15 acres, but now they have one acre.

Devin Trefry, Research, Policy and Community Engagement Officer, provided a recap stating his research indicated municipalities in Kentville, Berwick, Amherst, Antigonish and Charlottetown have previously had problems with an in-

festation of crows.

One recommendation was to purchase a wailer at an approximate cost of \$5,000. Phoenix Agritech, located in Debert, produces the Phoenix wailer which has been sold in 80 countries around the world to deal with pest birds. One example approach would be to use the wailer over three-day period, programmed to work between 4:30pm and 8:30pm (three hours) with sounds occurring periodically at 4-minute intervals.

Kentville was among the first known to encounter and address the problem. It was reported that the crows would arrive in the late fall and if not dispersed at that time, were very difficult to move until spring.

During discussion it was noted after crows are moved, they often find another nearby area to roost. Therefore, it is likely they would have to be moved a few times before they find their way to a more rural space where fewer residents will be disturbed.
