same weekend.

The next time you are heading towards Old Barns take note of the new welcome sign put up by The Clifton Federation of Agriculture that also recognizes the Clifton 4-H club.

Our Club gathered donations of items such as gently worn shoes (all sizes), soap, toothpaste and much more that was sent to the Honduras with club member Catherine Burrows, these were greatly appreciated.

This year our Club is celebrating its 75th anniversary in 4-H. We will be celebrating this milestone on July 15

jointly with our Achievement day with a banquet that evening, so mark that date on your calendars. The Livestock events will all take place at the Waugh's and Life Skills will be on display Cobequid Consolidated Elementary. If anyone has any memorabilia, trophies, pictures, record books, etc that you would like to lend us, please contact a club member. Our Club was a recipient of a \$500 FCC 4-H 4 Ever Grant from the Canadian 4-H Council which will go towards expanding our Club resources and recognizing our 75 years as a 4-H Club.

However, the Liberal platform is clear!

A Liberal government will focus on innovation for the jobs of tomorrow, new tax incentives will boost investment and job creation in small, innovative start-up businesses. Small and medium sized businesses: they'll pay no Employment Insurance premiums for any Canadian youth they hire!

A Liberal government will restore Canada's 2010 tax rate for large corporations, freeing up billions for the priorities of middle-class families.

Stop the gifts for the wealthy. Start making sense with government.

Do you want YOUR tax dollars invested in long term savings
in HOME HEATING COSTS...

rather than in the Harper Conservative policies of tax cuts to
Canada's largest corporations and expensive jet fighters?

If you do
