*Fresh,  
down to the  
minute.*

At Tim Hortons, if we can't serve our premium blend coffee within twenty minutes of brewing it, we won't serve it at all. That's why we write the time on the pot, whenever we brew a fresh one. It's how you know that you'll always get a great-tasting cup of coffee. Always.

*"On behalf of your local Tim Hortons,  
Congratulations to the Debert Fire Brigade  
on their 40<sup>TH</sup> Anniversary"*
