

Celebrate 35 years of Preserving Agricultural History

Join us as we commemorate the
35th Anniversary of the
Farm Equipment Museum.

Friday, June 6, 2025, 7-9 pm
73 Ryland Avenue, Bible Hill, NS

Discover the stories behind the machines that shaped agriculture, enjoy entertainment, refreshments, live demonstrations and explore our special anniversary exhibits.

At the Farm Equipment Museum you will see many chairs used in lifestyles of the past that are making a come back in the current farmhouse decorating trend. There are numerous examples including the famous Sibley chairs manufactured in Stewiacke in the 1800's.

A spot of tea after a long day, or a social with friends, a beautiful tea pot was a source of pride to the lady of the house in years gone by. Check out the different types, colours and shapes at the Farm Equipment Museum.

Tools, tools and more tools. Many people are interested in the types of different tools and marvel at how the quality of work was constructed, crafted without the use of modern technology. The tools pictured and so many others can be viewed at the Farm Equipment Museum located at the NSPE grounds off Ryland Avenue in Bible Hill.
