

Creative Auto Images Moves to 100 Pictou Road

There's lots of parking at the new home of Creative Auto Images at 100 Pictou Road, Bible Hill directly across the street from the new elementary school. (Rees Photo)

By Maurice Rees

With the relocation of Creative Auto Images to 100 Pictou Road, Kyle and his staff have three bays in the main building and are able to accommodate larger vehicles. When it gets real busy or another vehicle needs to be inside there are two additional bays in a second building at the same location.

The company has been serving the Truro area since 1996, and when Kyle realized he needed more space, he

searching for a location with high visibility, and up to five working bays. He found all he wanted in the new location. Then he set up to find local tradespeople who could create the type of store and installation area he wanted.

Among the list of local companies he chose Atmospheric Electrical, Patton's Plumbing and Heating, Albert Theriault Construction for carpentry and finishing work. Curtis Lemon was chosen for concrete work, Will-Kare

Paving for parking lots and entrance, Vitech for new interior and exterior signage.

When staff or tradespeople decided it was time to eat, he'd call George just up the road at Revana Pizza. A new location needed an updated security system, so he called upon Cobequid Security. Addresses on all stationary and business forms needed to be changed. It was up to Ted at ASE Print, who prior to the move was his neighbour just across Pictou Road.

Since starting in 1996, the customer base at Creative Auto Images has continued to grow attracting more customers. As the company's reputation for quality work was spread by vehicle enthusiasts, Kyle noticed there was an increased following throughout the region. Time doesn't always permit, but when it's possible he likes to attend trade shows throughout the region mostly as a spectator but occasionally as an exhibitor.

Moving into the new location will be helpful as there are three bays in the main building and they can accommodate larger vehicles. During the past 22 years, Creative Auto has evolved into Atlantic Canada's premier vehicle accessory Sales and Installation Centre. The company has a large following for Truck Accessories, Car Accessories, Mobile Stereo/Video Systems, Bluetooth Hands Free Solutions, Security/Remote Start Systems, and Wheels.

Kyle who has emphasized always doing the work, as if it
