

# Baseball in Wentworth

Part 1 -

By Hope Bridgewater

As Bruce Ryan claims in his thesis on the history of Wentworth during taking a course on Canadian Studies at Mount Allison University in the 1970's: "Throughout its past, Wentworth has always enjoyed an active interest in sports...The will to compete in sports is parallel to the serious ambition of Wentworth people to exert their determination so consistent in any undertaking by the community."

baseball with all ages and genders playing a game together.

Fortunately, in my research about baseball in Wentworth, I was able to find photos with names and dates, or team lists with dates but no photos, or just team lists without photos or dates, but they all help to summarize Bruce Ryan's statement.

The rest of this column will show photos with text or simply a list of names of team players without a photo. At times in my research, I could not find the date of the photo or list.
