### MISCELLANEOUS

Taken from A Medical Point of View by Professor V. Wright. "HURRY, WORRY, BURY" has been the epitaph suggested for many people in this world. The increasing number of people taking drugs, the rising incidents of stress-related diseases, the frequency of attempted suicides reflect sadly on our modern day society and do demand an answer. No doubt that a proper regard for the Lord's Day would help improve these problems. Speaking as a physician there are good reasons physically, mentally and spiritually why we should set aside the first day of the week as a special day unto the Lord."
