

# Kilttober in Debert Returns for Second Year!

The word 'caber' comes from the word 'cabar' or 'kabar', which is Gaelic for wood beam. Ryan Kennedy had the caber flying through the air.

Tipper McEwen made the hammer throw look easy.

The hammers and cabers were flying on Saturday, October 15th at the Debert Recreation field, Ventura Drive as the Scottish Heavy Weight Events took place. There were lots of fun filled family events including face painting, 4-H petting zoo, pie eating contest, pumpkin throwing and more. Councilor Benoit says the event was bigger and better than last year. (Harrington Photos)

Willow Davies was enjoying the children's craft corner at Kilttober.
