

Sue Taylor, Office Manager at Debert Hospitality Centre, points out the ample closet space in each of the 14 bedrooms at Pettis Lodge.

Complimentary washer and dryers are available for use in the 14 bedroom Pettis Lodge at the Debert Hospitality Centre.

Leonard Dash and Derek Taylor, take a few minutes to relax in front of the flat screen TV in the common area of Pettis Lodge.

"Pettis Lodge is a unique facility that is appealing to our clientele" says Derek. "A great area for family functions, where all guests can be close to one another, and for conferences it offers a home away from home feeling."

The facility was built with energy efficiency in mind using in-floor heating and double insulated walls. For fire safety there are individual fire alarms in each bedroom.

DHC Food Service

Manager Leonard Dash is very pleased with the name he suggested for the new facility. "It is named after Shirley Pettis, Derek's grandmother, who has always been a strong supporter of our business ventures. It feels like

she adopted me as her grandson and I couldn't think of a better name for the Lodge."

Shirley Pettis is 84 and lives in Parrsboro. She stopped by for the Open House and was very pleased with the facility named in her

honor. "Derek's grandfather Darrell Pettis was stationed here in Debert during WWII, and after he was injured, he was brought back to the Debert Base Hospital," she said. Shirley even purchased the new drapes for the com-

mon area of the Lodge.

Pettis Lodge offers alternative accommodations, complementing the current 60 bedrooms in the adjacent Debert Hospitality Centre. For more information contact the DHC at 662-4074.

Thinking
of starting or
expanding
a business...

We Can Help.

When thinking about starting or expanding a business, contact your local Community Business Development Corporations (CBDC). CBDCs are non-profit organizations that offer a variety of programs and services to help you realize your dreams!

CBDCs offer **customized financing** under flexible terms to individuals and small and medium sized businesses. Anyone looking to start or purchase a new or existing business can apply for a loan – to a maximum of \$150,000. We also offer business counselling, training and advisory services.

Providing assistance to entrepreneurs for over 25 years.

Local Decision-Making!

CBDCs are locally owned and operated by volunteers. Investment decisions are made by business men and women who are sensitive to the needs of their community. Knowledge of the local markets, the business environment, and people, is the basis for our success.

**Financing.
