

Masstown Maritime Seafood Festival

On Saturday, August 27 the Masstown Maritime Seafood Festival was held at the Lighthouse Wharf adjoining Masstown Market. The wonderful music was supplied by the “Island Boys” and the foot tapping, heads swaying and the clapping at the end of each song showed that everyone was having a great time. Every Thursday from 6-8pm you can join in for more music and eats at the wharf. (Lawrence R. Nicoll Photo)

Bass River & District Fire Brigade Notes

By Peter Christensen

Hi folks, from the fire hall. Well pretty quiet here this month, but next month October, will be busy. We have the Annual Fall auction on Oct 08, beginning at 12 noon, lots of things to buy and lots of food at the canteen as well. Should be a great day for the community to come out and enjoy. It will be a busy day for sure, lots of things to do and lots of volunteer firefighters to help, but there will be no time for horsing around. That comes on the following weekend, Oct 16, a Sunday when our Annual Trail ride up the Castlereigh

Mountain begins. A horse ride up the mountain, and then we have dinner at the top of the mountain in a beautiful chalet, while enjoying the tranquility of the forest and the peace it transfers to ones soul while lying beside your horse for a rest under the kaleidoscope of leaves in their final blast of colors. And just to finish the fall theme off in style, the fire hall will be rocking to the sounds of Sweet Revenge on Oct 29, Sat night. After October we will be a little less busy for sure at the hall. On another topic of hall news, our memorial at the hall is slowly beginning to come

together. We laid the concrete slab last week, and last night we installed the flag pole. A special thanks to Blaine Dickie and Martin Staritt for all the help on concrete pour day, and I mean all day. But it looks good. The flag pole raisers were Dave Mcfarlane and Alex Elsom, without their help, it would have been difficult to do. With Alex being so tall, it was way easier to put up for sure. Thanks for the effort and the time involved. Well hope to see you all at the hall or on the mountain in October. Keep your pipes clean, winter is coming.

AUTUMN

Summers over that we know
Now autumn has her say.
The days though sunny are not too warm
Yes, summers passed away.
The leaves once green are changing now
Their colours autumns doing.
The weather soon could quickly change
With cold and storms a 'brewing.

Oh autumn with her colours bright
Will stay with us awhile
To bring us cooler shorter days
But her colours are her smile.
