Start Feeding the Birds

By Chris Urquhart

It is time to start feeding the birds again; if you stopped over the summer months. Birds need extra food this time of year to help with their migrations; but they also need water to drink and bathe in so don't take in your bird baths yet.

You can put your suet out again also as the "fat" helps birds keep in body heat. I still have hummingbirds coming to my feeder as well as my flowers but soon they will be gone.

I know this because of the geese; once they start to gather together then the hummingbirds starts getting ready to head south.

We ended up with sunflowers this year! They grew where our feeder sits all winter. We move the feeder to a different location for the summer months. They are very beautiful and very tall! There are lots of blossoms, so hopefully the heads will become food for the birds as winter approaches.

Deadline for the November issue of The Shoreline Journal is October 24

We want to fill all the seats at the Remembrance Day Dinner. Members, especially those receiving longevity pins or being recognized are asked to ensure they are in attendance. There have been too many empty seats the last couple of years. If you are a member you owe

it to the branch to make sure you attend this important event.

Please don't forget to thank a Veteran, it is because of their sacrifices we are able to enjoy our country and our freedom.

Please say a prayer for our troops who are serving in foreign countries and their families.
