Initiation Ceremony at Legion Branch #72 on Sept 4th Beverly Sumpter, who lives in Maryland, but she has always kept her ties to Nova Scotia close to her heart, including her Canadian citizenship. Her grandfather, Herbert John Johnston, was a member of the Great Village Royal Canadian Legion from 1946 until his death in 1963. Beverly used to live in the house that was once the General Store in Glenholme and she attended school in both Glenholme and Bass River. Beverly was pleased to be initiated as an Associate Member of Royal Canadian Legion Branch #72, Great Village on Wednesday, Sept. 4th. (Harrington Photos)

A Walk in the Woods – September 28

By Donald Cameron

Public invited to scenic and educational walk in the Spence woods

You are invited to come enjoy a walk in a classic Acadian forest that has been under careful stewardship by the Spence family for more than 30 years. Some of the woodland has been in the Spence family for seven generations. The outstanding 800 hectare woodland property is located in Ellershouse, just east of Windsor, near Highway

101. Anyone interested in forests and wildlife might enjoy this opportunity to see and learn about a variety of things at one time, on one property.

Norman Spence's father had a sawmill and logging crew that he started after the second world war. He worked for the Jodrey family with Minas Basin sawing timber and delivering wood to the Halifax shipyard for export.

The field day runs from 9am to 4pm September 28. At noon, there will be a tasty barbecue lunch prepared by the Brooklyn Fire Hall Auxiliary at reasonable prices of \$12 for adults; \$6 for children and free for under 6 years.

The Minister of Lands and Forestry Ian Rankin will make a special presentation to the Spence family and there will be opportunity for other presentations.

The Spence woodland is located on Access road HAN 101-01, which has an en-

trance across from 128 Williams Rd, in Ellershouse. From Highway 101, take Exit 4, turn on to Hwy 1 toward Ellershouse; in 1.5km turn right on to Ellershouse Rd, in 2km turn left on to Williams Rd; in 1.7km turn left on to Access Road HAN 101-01; drive 2.5km to the field day location (look for signs).

Don Cameron, RPF, works from the Truro office, organizes many of the forestry events and contributes occasionally to the Shoreline Journal.

A Pileated Woodpecker fledgling was knocked out of the nest during hurricane Dorian and found. Ground grazing for insects was sufficient until it could practice tree climbing skills. (Harrington Photos)

MEET LENORE

A champion for middle class families in Cumberland-Colchester

I first ran for politics in 2009 because I wanted to "change the world". Now, I realize each of us needs to BE the change we want to see! That's why, with ten years experience as an elected official under my belt, I am ready to be your voice in Ottawa.

Residents of Cumberland-Colchester deserve a representative who puts their interests and well-being above party politics. Someone willing to work hard to preserve our rural way of life; improve healthcare including mental health and addictions support; protect seniors; procure quality internet; invest in green jobs and the creative economy; and stand with women, workers, and First Nations to create a more equal playing field while keeping our economy strong.

The Climate Crisis is real and upon us. We must act now to mitigate the damage and protect our air and water. Surely that is the legacy we want to leave our children and grandchildren. Will you stand with me? Let's do this!

On October 21, I ask for your support.
