

Air Show Atlantic 2022 - August 27-28

Lawrence Nicoll who submits several photos for each issue of The Shoreline Journal and South Cumberland News, decided for the 2022 Airshow late last month in Debert, he would have a better place for photography by purchasing a special "Shutterbug Pass". In addition to the five photographs he selected here are some of his comments:

"What a show!!! The Shutterbug pass paid off as I was not mixed in close proximity to the crowds. We had our own area, washrooms and water supplied. The media of course was in that area as well."

Here is how Lawrence summed up the AIR SHOW ATLANTIC 2022:

"The two day show was well attended, and since the forecast said Sunday would be Sunday that is when the largest attendance occurred and the best show since the ceiling was no long limited As well as the Aircraft CF Skyhawks put on quite a show, and a few lucky winners got to do tandem jumps!!!"
