## Impaired Hauling a Travel Trailer

RCMP Northwest Traffic Services has arrested a man for impaired driving, who was hauling a travel trailer, on Hwy. 104 in Sutherlands Lake. On September 16, 2022, at approximately 2:45 p.m., an RCMP officer with RCMP Northwest Traffic Services was travelling on Hwy. 104 in Sutherlands Lake when he observed a pickup truck, that was hauling a travel trailer, travelling in the opposite direction. The RCMP officer observed, on radar, the pickup truck was travelling at 153 km/h in a 110 km/h zone. The RCMP officer was approaching a u-turn ramp in the median and activated his emergency lights and siren. A traffic stop was then completed on the pickup truck.

The RCMP officer noted that the driver, a 37-year-old Alberta man, was displaying signs of impairment. The driver was arrested for impaired operation and transported to the Oxford Detachment where he provided samples of breath that were over three times the legal limit.

The man was held in custody overnight due to his level of impairment and was released the following morning on September 17. He will be facing charges of Impaired Operation of a Conveyance and Impaired Operation of a Conveyance - 80mg% or over. He was also issued a Summary Offence Ticket for speeding. He will appear in Amherst Provincial Court on November 18, 2022, at 9:30 a.m.

## Intimate Images and Cyber-protection Act Complete

The Province is accepting all recommendations included in the review of its cyberbullying legislation. The review found that the Intimate Images and Cyber-protection Act is achieving its goals of protecting citizens from cyberbullying and the non-consensual sharing of intimate images, while striking the appropriate balance with freedom of expression. However, it also identified the need to improve the complaint process for victims and raise public awareness of the legislation.

"We have a responsibility to keep people safe online, so it was important to review the legislation to make sure that it continues to remain effective and responsive to the needs of victims and their families," said Justice Minister and Attorney General Brad Johns. "The feedback we received has been valuable in helping us see where we can improve our services and supports."

The review's 12 recommendations include: improving legal, mental health and crisis supports for victims; creating a centralized, trauma-

informed referral process for victims seeking advice and support and improving training for CyberScan staff, who help victims understand their options and navigate the justice system.

The Department will develop a plan to implement each of the recommendations. The review report is available at: <https://novascotia.ca/intimate-images-and-cyber-protection-act-survey/>

Between July 2018 and March 2022, CyberScan staff opened 703 cases in Nova Scotia, giving advice and support to victims, assisting agencies and organizations, and providing support through mediation. CyberScan staff have made more than 500 cyber-safety presentations in schools and communities, reaching more than 16,000 youth and adults

**More information on cyberbullying and the non-consensual sharing of intimate images and the supports available to victims is at:** <https://novascotia.ca/cyberscan/>
