

ANNIVERSARY

A black and white photograph of an elderly couple standing outdoors. The man on the left is wearing a light-colored short-sleeved shirt and a dark vest. The woman on the right is wearing a patterned short-sleeved blouse. Both are smiling at the camera. The background shows some foliage and a building.

Congratulations to Royce and Donna Totten of Debert who celebrated their 50th wedding anniversary on July 27th.

Expanding almost year-round
Mailland Craft Shop requires consignment vendors of handmade quilting, knitting, artwork, photography, ceramics, pottery, painted rocks, driftwood, seaglass, jewelry, tatting, crocheting, etc. Contact Susan Marlin, 902-261-2223, or 261-2000 or email: blunoser22000@yahoo.ca

ERCS
 Equipment Inc.
NOW HIRING FOR WINTER SEASON
Bodyjob Drivers
For Camp Positions in Illinois

Environmental Refueling Systems (ERCS) is an Alton-based company specializing in remote fuel management. This dynamic growing company is looking for self-motivated **ON-ROAD BODY JOB DRIVERS**. We are a company that strives to have a zero incident safety record, to ensure our customers always have their fuel needs met, and to never spill a drop of fuel. If this sounds like your standards for fuel transportation, we would like to have you on our team.

- Delivering product to our customer's sites is a timely manner that upholds our high quality standards of safety.
- Receiving and relaying information to a central dispatcher, transporting hazardous products or dangerous goods, overseeing your vehicle's condition including inspecting tires, lights, and brakes;
- monitoring vehicle performance and mechanical issues; and performing preventive maintenance and emergency roadside repairs.
- Generating and maintaining proper documentation using computer devices.
- Willingness to work shift rotations is a must-typically 71 days on/7 days off; accommodation provided.
- Preference will be given to drivers with Fuel and/or OVI end-user experience.

To apply, please send 1 Resume and 2 Cover Letter to Leah Moore at Lmoore@envirofuelinc.com or to **708-444-4195**

The Resource Recovery Fund Board Ltd. (RRFB Nova Scotia) has appointed Jeff MacCallum as the next Chief Executive Officer of the Board, effective September 3, 2012.

"Within our board of directors, throughout the province, and indeed, across Canada, Jeff MacCallum is recognized and highly respected in the field of waste diversion," says Rick Ramsay, Chair of RRFB Nova Scotia. "His expertise, strong leadership qualities, and the partnerships he has built with the Province, municipalities and industry are great assets for our Board."

Mr. MacCallum began his career with RRFB Nova Scotia as Director of Programs & Business Development in 2007 and was promoted to Senior Director of Business Development & Operations in 2011. Prior to RRFB Nova Scotia, he worked for Nova Scotia Economic

Scotia Economic Development in various roles, most recently as Director of Economic Strategies & Initiatives. He holds a Master of Business Administration and a Bachelor of Commerce. He served as Vice Chair of the Halifax Shipping Association, and as a member of the

Colchester Chapter of Ducks Unlimited Canada and the Pictou Regional Development Commission's Marketing Committee.

“RRFB Nova Scotia is a great organization with a dedicated and talented team. The work we do is important not only to Nova Scotia’s environment, but to the economy as well,” says MacCallum. “I am excited to continue that work as CEO, building on our past success as innovators in waste reduction and diversion, as we face the challenges ahead.”

Current CEO, Bill Ring, will continue to work closely with MacCallum to ensure a smooth transition as Ring completes his term.

"Over the last seven years, it has been my privilege to work to improve Nova Scotia's environment, economy and quality of life by providing resources that help communities in their waste reduction and waste diversion efforts," says Ring. "Having worked closely with Jeff during the last five years, I am confident that the organization and its efforts to reduce, reuse, recycle and recover valuable resources are in good hands."
