Loves Rough Road (we all travel on)

<p>Woke up this morning The first day of spring Looked down at my hand To where once was a ring For years it had been there A reminder of love Of friendship and honour From the heavens above</p> <p>Wake up on my pillow But please don't ever cry there Or I'll just die there While each teardrop falls</p> <p>Love is a rough road We all travel on</p> <p>All that I believed in Had somehow gone wrong For the headache was painful Such a sad song Would today be the day Would love soon be found Like the fresh scent of flowers Coming up from the ground</p> <p>For love is a garden Where all of us are Its paths they are many Some short and some far And where that we walk To find our soulmate Is something called destiny</p>	<p>Or often called fate If you look there too hard You will never see That very person Whom is really meant to be The one who will keep Your very fragile heart From ever breaking down Or falling apart</p> <p>And when you find them Be sure that you stay All of your life Every night every day No matter what happens This you must do If you are to hold on And keep it true blue</p> <p>Should life separate And break down your heart Remember that one rule Right from the start You must mend it And continue in hope that you find That one special person That one of a kind!</p> <p style="text-align: center;">God bless and thank-you Thomas A.
