Rushton Fire photos by Linda Harrington

An excavator was brought in to knock down the remaining structure so fire fighters could put out any remaining hot spots.

Lots of jobs need to be done after a fire, including loading up the hose.

North River, Debert and Cobequid Brigades assisted Onslow Belmont on the Mutual Aid call.

Breathing apparatus and protective gear are necessary equipment but very hot to wear on the humid days we have had recently.

The newest member of the OBBF fleet of trucks performed well on its first fire call.

The fire was heavily engaged before fire fighters arrived on scene but fortunately all the three family members and the family pet were not at home.
